The Abilene Spectacular promises the donor will receive advertising in the Cutting Horse Chatter along with the regular advertisements. Banners are placed in the arena during the event, and numerous mail outs to NCHA members throughout the year. The Abilene Spectacular will promote the stallions currently and host an incentive program for the foals when they are four year olds. There will be no extra fees to compete for the money. It will be a big push for the stallion whose colt wins each year.

As a condition to each breeding donated to the Abilene Spectacular, the stallion owner must agree to purchase any breeding that is not sold by the end of the event. The owner may in turn sell, give away, or keep that breeding (the colt that is born from that one breeding will be in the incentive program). The owner may purchase the breeding for \$500.00. This insures the stallion a chance to have the winning foal.

I agree that if my stallion's breeding does not sell during the Abilene Spectacular Cutting Event, I will purchase the breeding for \$500.00. I have read the above rules. I do understand and agree as explained.
