As a condition to each breeding donated to the Abilene Spectacular, the stallion owner must agree to purchase any breeding to his/her stallion that is not sold by the end of the event. The owner may in turn sell, give away, or keep that breeding. This will insure that the foals by that stallions remain eligible for the upcoming incentive payout. The owner agrees to purchase said breeding for \$600.00.

I agree that if my stallion's breeding does not sell during the Abilene Spectacular Cutting Event, I will purchase the breeding for \$600.00. I have read the above rules. I do understand and agree as explained.
